Disclaimer

This drug price guide is produced by the [Independent Drug Expert Alliance](#) (IDEA) to assist with the valuation of the most common illicit drugs, controlled by the Misuse of Drugs Act 1971, across England & Wales.

IDEA consents to the unrestricted use of this data by those experienced in applying it, in an independent and impartial manner.

The values provided are not specific to any region and consist of a range (where one exists), to reflect UK* average pricing.

We do not populate all data points unnecessarily, and our pricing ranges are both provenanced and ratified, from, and by, different sources.

Reviewed and updated annually, we invite you to submit any validated data you may hold relating to drugs pricing across the UK.

Should you require specific information relating to a drug value or weight, not contained within our price guide, please contact one of the team who will be happy to advise.

For specific geographical data, assistance with a drug related matter, or general enquiries, please contact us via
